EXAMINER'S AMENDMENT

An examiner's amendment to correct an obvious typographical error appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In line 14 of claim 1, "and" has been changed to - - an - -.

Claims 1-4 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to show a chair with pivotable back including a second pivot pin interconnecting the second armrest and the chair back, whereby the chair back is capable of pivoting relative to the seat between an upright or transverse positioning relative to the seat and a collapsed position locating the chair back in juxtaposition with the seat; and the first armrest having a first pin lock assembly, the second armrest having a second pin lock assembly, both the first pin lock assembly and the second pin lock assembly securely engaging with the chair back to fix same in place when the chair back is in the upright position, in combination with other specifically claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
